Attention: Youth Organizations, Schools, Administration, & Groups

This Is A Call For Participation!

Greetings!

My name is Tamika Lewis and I am sending out this call for participation to ask for your help. I am a former Graduate Student from the State University of New York at Buffalo. During my graduate career I developed 20 youth workshops for at-risk-youth ages 10-18, entitled Creativity2Day Young Leaders Workshops. Have be granted the opportunity to do conduct research regarding how effective the program/ workshops are and am asking for your help!

About Creativity2Day Workshops

There are 20 workshops in total that are broken down into 4 different tracks: Creativity, leaderships, understanding differences, and combating peer and social pressures.

All workshops are designed to help youth develop critical and creative thinking skills, increase their self-esteem, leadership skills, and intrinsic motivation, while building community and a better sense of self.

About Me:

I have a Bachelor's of Science in Social Work and a Master's of Science in Creative Studies, concentrating specifically on Youth and Program Development. I have been in Charlotte, NC for two years, taught High School and Middle School math for on. I have 5+ years working with at-risk-youth and program development.

My Ask/ How will it work?

This Project: Will be 100% volunteer, no cost or other commitments! I have created all materials needed to facilitate these workshop including workbooks and handouts. I have my own supplies and even have participation agreements.

From you: I request the space to host the workshops, 10-15 youth to facilitate the workshops to. Additionally, I would need about 1 to 1.5 hours per workshop and about 9-10 weeks to facilitate all the

workshops and conduct follow-up.

If this sounds like something you or your organization would be interested in please contact me @ 917-776-0942 or via email @ creativity2day@gmail.com.
